Beautiful
Branch
Discipleship
course.**

ABOUT THIS COURSE

For several years now, I have carried a great burden for seeing women who love God deeply and still excel in all other aspects of their lives. I have been taking groups of women on this course in physical meetings and testimonies have been rolling in from them.

The online version commenced in March 2017.

This is a course designed for women who love God and themselves enough to want to grow and get better than they are right now. God really wants to see you beautiful in every sense of the word but you must work at making God's desire for you come through.

In this century, it has become a hard task for many women to handle all that is expected of them in one shot because of the inability to balance all the aspects of their lives. You can have a totally balanced life; pleasing God and still love your life because of the sense of utmost fulfilment you have.

You need to know what a totally beautiful life really looks like. Yes, it is possible to have it all.

This course is Bible based and laced with personal experiences too.

This course is formed with an important aim of seeing you become a discipler of other women such that after having gone through this course, you in turn impact the lives of other women around you. I want to inspire you to inspire others.

This is a course that you need to attend with an open mind. And you should invite your friends to join too.

ONLINE COURSE FORMAT

This is a 7-Module course.

Once your registration is complete, your login details will be sent to you.

Your location will therefore not be a barrier. An internet connection is what you need to access the course resources.

Another exciting thing is that you determine your pace.

You will be able to ask your questions too.

And you will be able to join the Facebook community for Beautiful Branch Discipleship Course alumni members. It's an accountability group and members encourage and support each other to fulfil their God given visions.

INVESTMENT

I initially thought of making this course free of any investment but I have realized from personal experience that I take more seriously whatever course I pay for compared to those I did not pay for. You are therefore going to be paying a TOKEN for this course. The investment for this course is a giveaway when compared with other courses you find out there. It's truly an investment because you are basically only paying for the materials.

This course will cost you **Seven thousand five hundred naira only (N7500).**

This includes the course material which will be mailed to your postal address and other e-materials. Once you confirm receipt of the hard copy materials, your log in details will be sent to you.

NOTE: If you had bought my book, The Beautiful branch before now, you may have to pay only N5500 for the registration.
